The image shows a scenic view of North Shetland with a road, water, and hills under a blue sky with clouds. The text 'Community Information Events' is in a smaller font above 'NORTH SHETLAND' in a large, bold, white font. A decorative graphic of colored dots is on the left.

Community Information Events
NORTH SHETLAND

We are working on North Shetland to improve the resilience and security of the power supply on the Island.

The logo features a stylized blue and white wave icon to the left of the text 'Scottish & Southern Electricity Networks'.A satellite-style map of North Shetland with a green line indicating a specific area of interest. Above the map are four colored dots: blue, yellow, green, and purple.

We are working on North Shetland to improve the resilience and security of the power supply on the Island.

Should you wish to find out more about the planned works in the area, come and meet us at:

Brae Hotel, Brae on Tuesday 22 October, 12.00pm and 7.00pm

Lerwick Town Hall, Lerwick on Wednesday 23 October, 12.00pm and 7.00pm

We look forward to welcoming you to our events, however, should you require any further information in advance, please don't hesitate to contact us on the following email address: lcd@sse.com

Infrastructure Connection
Direct Link to Gremista GSP

Gremista GSP
High Voltage Direct Current (HVDC) Network Integration

**Scottish & Southern
Electricity Networks**

The banner features a vertical satellite map of the North Shetland Islands. A green line traces the path of the reinforcement project from the top left towards the bottom right. Key locations are marked with colored dots: a yellow dot for 'Existing Customer Connection', a purple dot for 'Switching Station', and a pink dot for 'Existing Network Connections'. Three inset images provide context: a power line tower with a helicopter, a coastal landscape, and an industrial facility. The SSEN logo and project title are at the top, and the SSEN logo is at the bottom.
