

Revised 2022 Approved procedures for High Voltage Live Working are in development. Until completed and issued, existing/ legacy procedures can be found via:

- MA-PS-020.

If you need help, support, or guidance on the topic in question and/or how this relates to the requirements of the Distribution Operational Safety Rules; do not hesitate to contact a member of the Distribution Operational Safety team listed below:

- Jason Black – 07767 850186
- John Fleet – 07767 850203
- Gillian Sloey – 07423 244892
- Andy Gilroy – 07767 850430
- Stefan Jackson – 07825 015844
- Jason Merryweather – 07767 850343.

Remember to use the fundamental Operational Safety Rule to ensure safety from the System (as included in SSEN Distribution Operational Safety Rule 1.9) ...

“If you’re not sure, stop and ask for help.”
